About our Hospice

The Myton Hospices is an organisation at the forefront of palliative and end of life care across Coventry and Warwickshire and with a national profile. We have three hospices including two in-patient units, alongside a developing range of outpatient and community - based services.

We have almost 300 staff and over 700 volunteers who are committed to improving the quality of life for patients and their families. Our people are central to the success of the Hospice working across our palliative care services, our fundraising, support teams and our extensive retail footprint across Coventry and Warwickshire.

We are a much loved and well-supported charity at the heart of the community. Myton is looking forward, post the pandemic – aiming to increase our reach and impact especially within our diverse communities.

The Role

As a Trustee you will be involved in setting the strategic direction of the hospice, creating a culture of compassionate patient care and ensuring the organisation works safely within the governance set by the Charity and Care Quality Commissions.

With your specific expertise in Finance & Commissioning, you will chair the Finance Committee and advise the Board of Trustees on financial strategy ensuring the hospice is working within safe accounting principles. You will also advise the Board on commissioning and developing partnerships with the local health and social care system for the benefit of existing patients, local residents and the future viability of hospice provision in Coventry & Warwickshire.

Your skills and experience:

-Extensive experience of overseeing the financial strategy for an NHS or Third sector organisation and ensuring its alignment with the organisation's strategic vision

-Experience of accounting procedures/systems at a senior level in an organisation ensuring financial control in line with legal requirement and good practice

-Understanding of commissioning and experience of working in partnership with health and social care organisations within the changing NHS landscape.

We value and promote diversity and are committed to equality of opportunity for all. To enable us to best-serve our patients and local communities we want to increase the diversity of our Hospice leadership and encourage applications from people in or with lived experience of working with under- represented groups. We prioritise Myton's values of:

- Valuing every individual
- Respect and dignity for all,
- One Myton one team one goal
- Professionalism in all we do.

The successful applicant will have a key role in nurturing this culture and 21+.
